

Drilnet

The Expertise

Drilnet was created in 2000 by a group of professionals from the petroleum industry.

We worked as drilling supervisors, superintendents, project managers in such companies as Total, Schlumberger, ENI, Halliburton, Exxon, Baker Hughes, OMV, and BP at petroleum sites all over the world for many years. Our collaborators have from 20 to 30 years of working experience in the domain of their competence.

PROJECT MANAGEMENT – RESEARCH & DEVELOPMENT

Drilnet realizes consultancy, audit and other expert knowledge-based services for the petroleum and service companies, as well as for all upstream activities, production, maintenance, HSE and logistics.

Our research and development department offers technical assistance and engineering for the oilfield from upstream to downstream.

SOURCING & BUSINESS DEVELOPMENT MANAGEMENT

DRILNET offers any kind of assistance available for activities such as sourcing & expanding your business, research and development, innovation and exporting to our partners such as JANUS OILTEC, WELL EQUIPMENT INTERNATIONAL SERVICES (*Now DELTAWELL*), NATIONAL SERVICE COMPANY, etc...

RECRUITING SERVICES – HR MANAGEMENT

Drilnet provides petroleum companies and services companies with technical and administrative personnel. According to your needs, we can complete your team with some specialists, or provide a whole team of professionals to carry out operations on your site.

We can ensure the complete Human Resources Management of your operational and administrative staff

TECHNICAL ASSISTANCE

TECHNICAL ASSISTANCE

Drilnet provides major petroleum companies and services companies with all kinds of technical assistance and engineering services for the oilfield from upstream to downstream.

Contact us if you need experts' intervention in geology, geophysics, seismic, reservoir engineering, drilling, completion / tests, production, maintenance, transport, refining and distribution. According to your needs, Drilnet can complete your team with some specialists, or provide a whole team of professionals to carry out operations on your site.

These specialists can also evaluate, recruit and train local personnel to allow them to become self-sufficient.

POSITIONS WE PROVIDE

MANAGEMENT TEAM:

- Operations Manager
- Drilling Superintendent
- Drilling Supervisor
- Drilling Engineer
- Procurement Manager / Supervisor
- Accounting Manager / Supervisor
- Geologist
- Well Site Geologist
- Reservoir Engineer
- Drilling Fluid Superintendent
- Drilling Fluid Supervisor
- ...

POSITIONS WE PROVIDE

DRILLING TEAM:

- Rig manager / Tool Pusher
- Driller
- Assistant Driller
- Derrickman
- Chief Mechanic
- Chief Electrician

...

POSITIONS WE PROVIDE

LOGISTICS TEAM:

- Materials Manager / Supervisor
- Logistic Supervisor
- Crane Operator
- Port Personnel
- ...

POSITIONS WE PROVIDE

SAFETY TEAM:

- Safety officer and safety manager
- QHSE Supervisor, Superintendent, Engineer...

POSITIONS WE PROVIDE

SERVICE COMPANIES:

- Directional Driller
- Mud Engineer
- Stimulation and Cementing Operator
- Tools and Testing Operator
- Completion Operator
- Coiled Tubing Operator / Supervisor
- Power Tongue Operator
- ...

POSITIONS WE PROVIDE

PRODUCTION / MAINTENANCE / FACILITIES:

- Production Operator
- Utility & Water Injection Operator
- Chemical laboratory technician
- Mechanical technician
- Electrical technician
- Instrument technician
- Power station operator
- Asset integrity Engineer
- Process engineer
- Civil engineer
- Facilities management
- ...

TRAINING CENTERS

Training centers

Drilnet implements and sets up training centers, trains the future trainers and provides the following certifications: IWCF, IADC / WELLCAP, HSE, SAFETY, STCW 95...

Training centers

Also, we can work with existing training centres to adjust their certifications to European or international norms.

- **Drilnet helps its clients in all steps of training centre set up:**
- **Audit, needs evaluation;**
- **Training programs design;**
- **Training centre practice facilities design**
- **Courses design to the real needs of the customers and the local or international legislation;**
- **Courses delivery and evaluation and trainees certification;**
- **Trainers' recruitment and "train the trainers" programs realisation;**
- **Quality management: Training and evaluation of the trainers;**
- **Training centre management: Training centre administrative management. Staff recruitment and on the job training.**
